November 10, 2026 - Women in Environmental, Construction, Architecture, and Engineering Professions

Events

November 10, 2026 • 4:00 PM – 5:30 PM

TOPIC – PFAS: FROM THE BATHROOM TO THE LAB ROOM PFAS are a concern in both everyday life and environmental work. Personal care products such as cosmetics, soaps, and lotions can be potential sources of exposure, while products used in the field may raise questions about cross contamination during sampling. This virtual discussion will begin with a plain-language explanation of PFAS, where they are commonly found, ...
